

# Much Marcle Parish Council Reserves Policy

Adopted 19<sup>th</sup> July 2023

To be Reviewed Annually:

17<sup>th</sup> July 2024

Amended and approved 13<sup>th</sup> November 2024

## Background

Local authorities need to plan to hold a certain amount of funds in reserves for a variety of reasons. Often these will be earmarked for specific purposes to help the council save up each year towards the cost of capital projects, replacing equipment, in case of contested elections, etc. However, it is also good practice for a Council to hold general *revenue* reserves for reasonable working capital, although the level of a Council's Reserves should be considered carefully.

The generally accepted recommendation with regard to the appropriate minimum level of a Local Council's Reserve (as opposed to its Earmarked Reserves), is that this should be maintained at between three and twelve months Net Revenue Expenditure (NRE)

1. Net Revenue Expenditure (subject to any planned surplus or deficit) is effectively Precept less any Loan Repayment and/or amounts included in the Precept for Capital Projects and transfers to Earmarked Reserves<sup>1</sup>

2. The reason for the wide range (3 to 12 months) is to cater for the large variation in sizes of individual Councils. The smaller the Council, the closer the figure should be to 12 months Net Revenue Expenditure, the larger the Council, the nearer to 3 months. In practice, a Council with an NRE in excess of £200,000 should plan on 3 – 6 months equivalent General Reserve.<sup>2</sup>

## Application to Much Marcle Parish Council

As Much Marcle Parish Council is a small Council with a small Precept, it should be aiming to maintain General Reserves closer to 12 months Net Revenue Expenditure.

## Much Marcle Parish Council Reserves Policy

Much Marcle Parish Council and the Responsible Financial Officer will work together to prepare and agree well-thought out, accurate, and detailed Budgets and Precept proposals which take into account, amongst other things:<sup>3</sup>

- General running costs (including increases in National Pay Award for staff)
- Current and future activities (including the possibility of devolved services)
- Councillor and staff training and development

### **The General Revenue Reserve Fund.**
